By IIT Guwahati, RFAT And The IoT Academy

The Master Classes Certification Program in “Digital Marketing and Analytics” has been designed in guidance with IIT Guwahati and industry leaders to provide the best learning outcome. The 6 weeks program will help you to understand applications of Digital marketing, it’s various functions, job roles and how to implement the Digital Marketing strategy to get the best RoI.

Recent advancement in IT businesses, Make in India, Digital India, app development advancement and eagerness of expanding business by various industries has inspired this course. Learn and excel to create the world Classes Digital Marketing strategy in brand building, affiliate marketing, promotions and business growth. This course also addresses Keyword analysis, Customer behavior, Customer engagement, Search Engine Optimization.

WHY IS Digital Marketing IS IMPORTANT?

New Digital Marketing trends have been emerging. Digital Marketing helped many businesses survive. Since covid-19 crisis had hit the world, Digital Marketing has been adopted by companies small or large because it proved to be one of the most effective ways to conduct marketing campaigns even when their audiences were stuck at home.

There are huge digital skills gap worldwide. By 2022, 4 million new digital jobs are expected in India. There are not enough digital professionals to fill them. The digital advertising industry across India had a market size of around 199 billion in the financial year 2020. This figure is projected to go up to 539 billion rupees by the financial year 2024, indicating a massive growth in the digital advertising segment.

DEMAND FOR MARKETNG TALENT IN 2022
