

RESUME

Name : Mr. AMIT KARMAKAR

Present Designation : Innovation Ambassador, Inventor , Assistant Professor, Solar trainer ,Career Counsellor

Mob & Whats App: 8250956974

Email: karmakaramit60@gmail.com

Linked In ID: <https://www.linkedin.com/in/amitkarmakar1989>

Youtube channel: <https://www.youtube.com/channel/UCQu3P8dg9At4ymHKLSkWqbg>

Local address: B2-27, Kendriya Vihar , Khurdha , Bhubaneswar , Odisha , Pin:-752054

Permanent Address: S-4-208, Bidhan Nagar Housing Colony , Bidhan Nagar, City :
Durgapur , Dist : Burdwan, Pin : 713206 .

Career objective : Designing green and sustainable products for meeting the future needs of the human society while upgrading my hardware and software skills.

Educational qualification :

STANDARD	BOARD/ INSTITUTION	SUBJECTS/ST R EAM	% OF MARK S OR CGPA	YEAR
CL-10	C.I.C.S.E , St.Michael's School	English, Bengali, History, Civics, Geography, Science, Mathematics, Economics	86% (1st div)	2006
CL-12	W.B.C.H.S.E , Bidhan Chandra Institution	English ,Bengali, Physics ,Chemistry,Math e matics,EVS	75.4% (1st div)	2008
B.TECH	W.B.U.T Durgapur Institute of Advanced Technology& Mgmt	ELECTRICAL ENGG (EE)	8.15/ 10 (1st div)	2012
M.E	Birla Institute of Technology (Deemed University)	Power Electronics	9.21/10 (1st Div)	2015-2017
PhD (Pursuing Part –time PhD)	C.V.Raman Global University	Power Electronics	NA	NA

EXTRA QUALIFICATION:

Qualified GATE 2015 with GATE SCORE= 483 valid upto March,2018

Diploma in painting under BANGIYA SANGEET PARISHAAD

Trainings :

- a. **Swayam-NPTEL** certified course on “ Fundamentals of Power Electronics”
- b. **Swayam-NPTEL** certified course on “ Design of PhotoVoltaic Systems”
- c. Certified course on **IoT from Udemy**
- d. Advanced Driver Assistance System (**ADAS**) from **Udemy**
- e. AICTE Certified FDP on Electric Vehicles
- f. One month internship program on EV from **Pantech University**
- g. **Advanced innovation ambassador** training from Ministry of Education & AICTE
- h. 3 days course on Online teaching learning tools and pedagogy-FICCI
- i. 2 weeks training in MIIT, Kolkata on transformers .
- j. 2 weeks training in WBSETCL.
- k. 2 weeks training in DSP, Durgapur
- l. 13 days DST funded training on Entrepreneurship Development
- m. 1 week NITTR funded Entrepreneurship training
- n. 3 days Solar training in Satattva company
- o. 3 days Executive Leadership Program with **The Art of Living from AICTE**
- p. **Certified Career Counsellor** from Bodhami

TECHNICAL SKILL:

- a. Expert trainer in IoT (Designed IoT lab in EE dept)
- b. Trainer in Robotics, Arduino and its applications in Power Electronics and Electric Drives.
- c. Expert Trainer in Power electronics Converter design (Hardware and Software)
- d. Expert trainer in Solar engineering (Designed Solar Engineering syllabus for minor course)

Programming Languages known: MATLAB/Simulink , Python, Embedded C for Arduino programming,
Recently learning micro-python

Title of M.E project: Analysis and Design of Hybrid solar power converter for Recharging
Battery of Solar Electric Vehicle

Conference Paper on “Analysis and design of Hybrid solar power converter” presented in
IEEE sponsored conference held in March, 2017.

Conference Paper on “Hardware Development and Implementation of Single Phase Two
Switch Cyclo-Converter “published in IJEECS held on 3rd September, 2017.

Patents applied :

**** Indian Patent filed and published on “System for Dynamic Power Distribution for Variable Power Source” as 1st and true inventor and as Applicant with Application Num: 201931036682.**

Please Click this link for watching its description video: <https://youtu.be/-133dMPehjM>

Other significant Power electronic projects:-

- Closed loop DC-DC 4 quadrant chopper (completed): video link
Description video : <https://youtu.be/MyDxESxiYcw>
- Class C DC-DC converter based Closed loop Speed control of 1 HP DC motor
Description video : https://www.youtube.com/watch?v=TXVu_2V3650&t=3s
- V/f control of 3 phase induction motor through 3phase inverter (completed)
- Closed loop DC-DC buck and boost converter (completed)
- 63 level Multi-level inverter
Description video: <https://www.youtube.com/watch?v=NzKAijDXVHE&t=9s>
- Wireless energy transfer through single phase inverter(completed):
- Universal power Converter (Ongoing)
- 6 port Multi-input DC-DC converter(ongoing)

Research & Teaching experience:

Name of employer	Period of Work	Post held	Department	Guides	Roles of work
C.V Raman Global University Bhubaneswar	4/7/2017 till date	Assistant Professor, Innovation Ambassador	Electrical Engg	Dr Vandana Jha	1. Teaching and Research 2. Entrepreneurship Development 3. Innovation ambassador 4. Career Counselling 5. Solar trainer
CSIR-CMERI , Durgapur	11/09/2013 To 06/08/2015	Project fellow	ROBOTICS & AUTOMATI ON	Dr.S.N.Shome and Mr.Dibyendu Paul	1. Designed a very low cost voltage sensor with opto-coupler with isolation from power side. 2. Designed a low cost , robust high power rated motor driver while developing low cost underwater thruster. 3. Designed a wireless power converter for recharging batteries underwater. 4. Designed and tested various electronic circuitries

Achievements in ACSIR-CMERI, Durgapur : - Achieved 1st prize in technical poster presentation with live demonstration on “ WiTricity in Autonomous Underwater Vehicle “

**** Achievements in CV Raman College of Engineering:** *Achieved the 1st Prize in Smart India Hackathon 2019, Software Edition , and won 1 lakh rupees cash prize*

Extra-curricular activities: -

1. Diploma In Color Painting and Sketching
2. Trained in Kyu Kushin Kai karate under 2nd Dan Black Belt
3. Yoga & Meditation practitioner in The Art of Living since 2010
4. Certified Reiki Healer Level II (Professional)
5. Career counseling from Sri Sri University and Bodhami
