

Anand Kumar Kumawat

Mob: +91-9166449557

Email: kumawatanand871@gmail.com

I am Anand Kumar Kumawat, Research Scholar at Centre for Converging Technologies, University of Rajasthan currently working on computational chemistry for computer assisted drug designing field. Actively involved plant biotechnology, micro propagation practices & protocol development of many in plant species. I am also working as coordinator for B.tech-M.tech (Dual degree), M.tech & M.Sc (chemistry) project students specially dedicated to Bioinformatics and Computational drug designing and development. I worked as guest faculty for subjects of bioinformatics and biotechnology at Centre for Converging Technologies, University of Rajasthan. I am an passionate organic farmer (practitioner), human nutrition and diet expert.

Work History:

Jan 2020 –Till date: **Research Scholar**, *Centre for Converging Technologies, University of Rajasthan* working on computational drug designing and discovery, cell signaling and various metabolic pathways analysis work using advanced computational tools and techniques on variety of bacterial and viral diseases like tuberculosis, SARS_CoV_2 etc.

Jan 2023-Sept 2023: **Guest Faculty**, *Centre for Converging Technologies, University of Rajasthan*, as a Life-science faculty of subjects: Bioinformatics, cell biology, plant biotechnology and tissue culture laboratory practices.

Education:

Nov, 2020 – Current: **Ph.D.** (Biotechnology and Bioinformatics), CCT, University of Rajasthan, Jaipur.

July, 2015 – Sept 2017: **M.Tech.** Biotechnology & Bioinformatics (with Honors*), CCT, University of Rajasthan.

June, 2010 – Aug, 2014: **B.Tech.** in Biotechnology, Amity Institute of Biotechnology, Amity University, Jaipur.

Certifications:

Feb, 2022: Computer Assisted Drug Designing, Birla Institute of Scientific Research, Jaipur

Feb, 2014: Certificate of Amity School of Languages: French Language

July, 2012: Advanced Techniques of Biotechnology

Conferences/ Seminars Participation:

- 6th International conference on frontiers at the chemistry-Allied sciences interface (FCASI-2023), April 2023.
- Conference on 'National Symposium on Chemistry for Sustainable Future', Department of Chemistry, University of Rajasthan, Jaipur (Feb 2022).
- Webinar on 'Innovation in Material Science & Green Technologies', Design Innovation, DIC, University of Rajasthan, Jaipur (March 2021).
- Poster presentation: at 2nd International Conference on Contemporary Antimicrobial Research (ICCAR) 2018, (15-17 Dec 2018)
- Poster presentation at 1st International Conference on New Frontiers in Engineering, Science and Technology, (January 2018), New Delhi, India.

Research Work:

- Computational investigation using Molecular docking tools for Drug Repurposing of Antibacterial and Antiviral drug candidates, comparative study and their applications.
- Research Project (Dec, 2017-June, 2018): successfully completed dissertation project work on topic *Identification of bimolecular interactions between potential drugs candidate and Mycobacterium tuberculosis target proteins*.
- NBIC Project-Feb, 2017: *Bio-analytical Techniques & Instrumentations*.
- NBIC Project-June, 2016: *DNA vaccines & Its Types*.
- NBIC Project-Feb, 2015: *Biofuel and its comparative study with higher alcohols*

Workshops/ Trainings:

- Computer Assisted Drug Designing, Birla Institute of Scientific Research (BISR) & Centre for Converging Technologies (CCT), University of Rajasthan, Jaipur, Feb 2022 (6 months).
- Dairy Products Processing & Technologies, Rajasthan Cooperation of Dairy Federation (RCDF), Jaipur, June-July 2013.
- Biotechnology in Advanced Bio-analytical Techniques, S.P. Institute of Biotechnology, June-July 2012

Certifications & Accreditations:

- Certification in Computer Assisted Drug Designing (CADD).
- Certification in Advanced Techniques in Biotechnology.
- Certification in Amity Systems for Communication Enhancement & Transformation.
- Certificate in Amity institute of Behavioral & Allied Sciences.
- Certification in Amity School of Languages; FRENCH.
- Certification in Graphics Designing

Technical Experiences:

- Bio-analytical Techniques/ Downstream processing's (Recombinant DNA Techniques, Centrifugation, Microscopy, Immunological Assays, Purification and Characterization, Electrophoresis, Chromatography, Spectroscopy).
- Plant Tissue Culture Lab/ Micro-propagation/ Mushroom Cultivation

Area of Interest:

- Life sciences: Cell Biology, Food biotechnology, Microbiology, Molecular biology, Immunology, Ecology & Evolution, Plant biotechnology, Genomics & Proteomics.
- Computer Aided Drug Designing (CADD)/ Rational Drug Designing.
- Biofuel, Bio-energy/ electricity Research & Development, Organic Farming Practices, Horticulture (Hydroponics, Bio-ponics).
- Photography (Wild Life, Miniature, Natural, Floral).

IT Skills:

- Graphical Designing (Photoshop, Coral draw, Page Maker, Adobe In-Design, Illustrator)
- Operating Systems: Linux OS, Endless OSver_3.0, Windows version_7/ 8/ 10/ 11, MS Office
- Programming languages: Python, C/ C++, Data Structure Algorithms (DSA), Database Management System.

Languages: English, Hindi, French, Rajasthan dialects
