EDUCATION

SARASWATI SHISHU MANDIR

Xth Percentage: 83.5%

2015 – 2016

SARASWATI SHISHU MANDIR

XIIth Percentage: 71.4%

2017 – 2018

IPS ACADEMY INDORE, B.C.A. (Bachelor of Computer Application)

Overall Percentage: 67.7%

2019 – 2021

Ajeenkya D Y Patil University, M.C.A. (Master of Computer Application) in Data Science

Overall CGPA Till Date: 70%

2022 – 2024

Graduating in 2024

PROJECTS

• WHATSAPP CHAT ANALYZER

This work utilized the WhatsApp application and Python programming language to analyze network data in WhatsApp group chats. It visually represented top 10 and top 20 users, using libraries like NumPy, Pandas, Matplotlib, and Seaborn.

• PROFIT PREDICTION OF 50 COMPANIES USING DATA SCIENCE

The project developed a Linear Regression model that accurately predicts a company's profit value based on R&D Spend, Administration Cost, and Marketing Spend. The model, trained on a dataset, is a good fit for the data and can be used by investors and businesses to make informed decisions about investment and profit improvement

WORK EXPERIENCE

WORK EXPERIENCE AMAZON WEB SERVICES (AWS) | Data Analyst Intern 05/2023 – 07/2023

Achievements/Tasks

- Hands-on Data Analysis: From day one, I was entrusted with real-world datasets and had the opportunity to apply various analytical techniques. This practical experience has significantly enhanced my data manipulation and visualization skills.
- Skill Development: The internship has been an enriching experience for my professional development. I honed my analytical, problem-solving, and communication skills, and gained proficiency in various data analysis tools.

EXPOSYS DATALABS | Data Science Intern 07/2023 – 08/2023

Achievements/Tasks

- In conclusion, the Linear Regression model developed in this project can accurately predict the profit value of a company based on R&D Spend, Administration Cost, and Marketing Spend.
- Overall, the project has been successful in developing an ML model that can predict the profit value of a company based on R&D Spend, Administration Cost

SKILLS

Tools:

Pycharm, Apache NetBeans, CodeBlock, MS-Excel, MS-Office, MS-PowerPoint, Tableau, Php-Mysql, Jupyter, POWER BI

Technical:

Python, Java, C++, C, SQL, Object-oriented Programming.

Soft skills

Leadership, Analytical Thinking, Problem-Solving Capacity, Communication.

Certifications & Training:

Google Foundation Certificate in Data Analytics, IBM Data Science Professional Certificate, AWS Academy Data Analytics, Forage, TCS, Pregrad.
