Profile

As an organized and highly creative individual with 12 years of experience working in Reproductive Biology (Bovine Semen Station) field as Officer (QC/QA In-charge), 2 years as Research & Development Professional & 1 year in Ayurveda drug industry, I love the challenges of working within a dynamic & fast paced working environment. The knowledge gained from my corporate experience has shaped my ability to adapt quickly, work efficiently, think creatively and work effectively as a part of team or on my own. Skills include public speaking & creative problem solving.

Education

Life Science Foundation of India, Bengaluru, Karnataka
Post graduate Diploma in Nano biotechnology, Graduated April 2009
One Year Distance Learning Correspondence Course

Doon (P.G.) College of Agriculture Science & Technology,
Dehradun, Uttara-khand, India
Master's Degree in Biotechnology, Graduated November 2007

Institute of Applied Medicines & Research, Ghaziabad, Uttar
Pradesh, India
Bachelor's Degree in (Hons.) Biotechnology, Graduated August 2005

Dayawati Modi Public School, Rae-bareli, Uttar Pradesh, India,
Intermediate (Class- 12th), Graduated May 2001

Dayawati Modi Public School, Rae-bareli, Uttar Pradesh, India,
High School Diploma (Class- 10th), Graduated June 1999

Employment History

✚ **Animal Breeding Centre, Salon, Uttar-Pradesh, India**
Officer Grade – II, January 2019 to Present

✚ **Animal Breeding Centre, Salon, Uttar-Pradesh, India**
Officer Grade – I, December 2009 to December 2018

- To assess the Quality of Finished Product (Processed Frozen Semen Doses) by various Quality Control tests as specified by GOI Norms.
- Evaluating the collected Semen from Bovine cattle's, processing and cryo-preserving the processed semen (as and when required in Semen Processing Lab).
- Leading Quality Assurance team, ensuring zero percent defect and smooth running of process with GLP environment
- To maintain all the records as per ISO Compliances.
- To manage people and schedule for daily routine activities.
- Managing clinical and laboratory aspects of the lab and ensuring collection, recording and reporting of clean, quality data.

✚ **Central Institute of Medicinal and Aromatic Plants, Lucknow, Uttar Pradesh**

Project Assistant - II, February 2008 - December 2009

Worked on Project- Preparation & Chemical Standardization of Ayurvedic Formulations from *Terminalia Arjuna* bark and testing these formulations *In-vivo* (Rats & Mice) on small Experimental Animals

✚ **Central Institute of Medicinal and Aromatic Plants, Lucknow, Uttar Pradesh**

Project Assistant - I, November 2007 - February 2008

Worked on Project- Biotechnological Approaches to improve the Plant Species with special reference to paper & pulp Industry (*Ochlandra* species)

✚ **Hill Queen Laboratories, Lucknow, Uttar Pradesh**

Laboratory Assistant, April 2001 - July 2002

The job work includes extraction, grinding and preparation of Ayurvedic syrup.

Professional Skills

Quality Control & Quality Assurance:	Expert
Computer Proliferancy:	Advanced
Microbiology:	Expert
Interpersonal skills with ability to work well with others:	Expert
Ability to collect data and maintain detailed records:	Expert
Ability to prioritize work, multi-task effectively:	Expert
Lean management & 5S:	Beginner
Problem-solving skills:	Advanced

Trainings

International Training:

Participated to an internship on Bovine Semen Processing, Analysis and Freezing – **IMV, France** – 28 February 2017 to 04 March 2017

Trainings:

- Training in Laboratory Techniques for Evaluation and Quality Control of Frozen Semen – **Anand Agriculture University, Anand, Gujrat, India** – 10 March 2014 to 22 March 2014
- Training in Modern Cryopreservation Technology for Bovine Semen – **Madras Veterinary College, Chennai, India** – 05 Feb 2014 to 09 Feb 2014.
- Training in Laboratory Techniques for evaluation & quality control of Frozen Semen - **Central Frozen Semen Production & training Institute, Hesserghatta, Bangalore, India** – 11 October 2010 to 23 October 2010.

Publications

- Seasonal variations in ejaculate characteristics and semen production potential of Sahiwal bulls in tropical climate. *Indian Journal of Dairy Science*; Vol 66, No. 4 (2013); Tiwari, R.; Mishra, G. K.; Singh, R. B.; Rehman, S. U.; **Rathore, K. S.**; Saxena, S. K. and Siddiqui, M. U.
- Comparative study of Plasma membrane integrity of spermatozoa by using HOS medium and Distilled Water and their relation with post thaw motility. *Indian Journal of Animal Reproduction* 33(2) : Dec 2012; M.K. Shukla, Sujit Saha, **K.S. Rathore**, G.K. Mishra, M.U. Siddiqui and S.K. Saxena
- Seasonal variations in the quality and freezability of Red Sindhi bull semen. *Indian Journal of Animal Sciences* 82 (11): 1345-1347, November 2012; Ritesh Tiwari, G.K. Mishra, R.B. Singh, S.U. Rehman, **K.S. Rathore**, S.K. Saxena and M.U. Siddiqui
- Effect of seasons on semen production behavior of Jersey bulls. (*Indian Journal of Dairy Science*, 65(6)2012; Mishra, G. K.; Tiwari, R.; Rehman, S. U.; **Rathore, K. S.**; Singh, R. B.; Saxena, S. K. and Siddiqui, M. U.

Poster's presented

- Effect of seasons on semen production behavior of Jersey Bulls [XXVIII Annual Convention of ISSAR, India (2011)]
- Contemporary supplementation of conventional *Arjunarishta* formulation: A Preliminary study, Lucknow, India (AROMED- 2010, CIMAP).
- Oral toxicity study of *Kshirpak*: A traditional knowledge based cardio-tonic formulation, Lucknow, India (National Interactive Meet- 2008, CIMAP).
- In -vivo immunological profile of different ayurvedic preparations of Terminalia Arjuna, Lucknow, India (National Interactive Meet- 2008, CIMAP).

Certificates

- ISO 9001:2015 (Certificate No. MNC/ CR-ABC-S-12)
- Total Quality Management (TQMI)

Achievements

- ❖ Standardized Computer Assisted Semen Analyzer (CASA- Hamilton & Thorne) as per Indian conditions for conventional semen production facility.
- ❖ Worked on Flow-cytometer (BD-C6 Accuri system) for standardizing traditional conventional QC Tests (Acrosome study, Bacterial Load Study, Live & Dead Study & Sperm Cell Concentration) to newer & faster result driven horizons.
- ❖ Developed & implemented the concept of Quality Assurance, Safety (PPE's) and concepts of 5S across the semen station.
- ❖ Key Member in Customer Grievances Cell & 5S committee.

Languages

English: Fluent ; Hindi: Native
