EDUCATIONAL QUALIFICATIONS			
B.Tech, Chemical	National Institute of Technology, Raipur	8.99/10 (Rank 5, Batch Size - 55)	2012
Class XII, CBSE	M.V.M. Public School, Chhindwara	83.00%	2007
Class X, CBSE	M.V.M. Public School, Chhindwara	80.00%	2005

ACADEMIC & CO-CURRICULAR ACHIEVEMENTS	
▪ Consistently maintained rank under top 5 in the class of 55, NIT Raipur	2012
▪ Ranked among top 3%ile in AIEEE 2008.	2008
▪ Ranked 1st in school in among top 5 in district in class 12 th , Chhindwara	2007
▪ Ranked 1st in school in among top 5 in district in class 10 th , Chhindwara	2005

PROFESSIONAL EXPERIENCE

Reliance Industries Ltd, Jamnagar	Sr. Manager	Mar'18 - Present
-----------------------------------	-------------	------------------

Roles & Responsibilities	▪ Responsible for plant related MOC preparation & review, PSSR, Plant PHA study. ▪ Identification of critical Risks and ensuring healthiness of barriers. ▪ Working for digital transformation and development of manufacturing platforms (Ind 4.0) ▪ Implementation of OMPro and ensuring 100% compliance standard IOM KPIs. ▪ Preparation of plant outlook and Annual Operating Plan and shutdown schedule as per management guidelines. ▪ Supervise shift engineers, panel officers and field officers during normal operations, startup and shutdowns. ▪ Co-ordinate with upstream / downstream units and ensure unit availability and throughput as per scheduled plan. ▪ Conduct & Supervise Emergency Response drills and ensure 100% availability & healthiness of HSE system. ▪ Identification of optimization opportunities and implementation of RTO/APC models. ▪ Assisting Site President (site head) in monitoring, troubleshooting, implementation of best practices, emergency handling and cost reduction initiatives. ▪ De-bottlenecking, technical and economic review of MOC proposals. ▪ Monitor specific consumption, Heat-Mass balance, material reconciliation and inventory management. ▪ Identifying Opex-reduction opportunities and optimize complex operations to reduce variable costs and enhancing EBITDA. ▪ Preparation of OPEX and CAPEX budget. ▪ DPR & MIS preparation and publication for senior management. ▪ Selected for Reliance flagship program for developing leaders – a. Step-up to FLL, b. Emerald Coaching under Site Level leadership.
-------------------------------------	---

Reliance Industries Ltd, Jamnagar	Manager	Feb '15 – Mar'18
-----------------------------------	---------	------------------

Roles & Responsibilities	▪ Involved in flawless commissioning of World's Largest Gasification Complex ▪ Leading team of 10 to look after the quality of erection, construction, operability and maintainability of plant from process point of view. ▪ Reviewing of P&ID and HMB for better optimization and ensure safe, stable and robust plant operation. ▪ Involved in vendor meetings to understand and mitigate potential failure causes and their mitigation. ▪ Commissioning of Positive Displacement as well as Centrifugal Compressors and column internal inspection. ▪ Led team of 8 members for conducting FAT and Control Narrative implementation in DCS. ▪ Collaborating with Technology suppliers, foreign expats, vendors and technical services team to conduct detailed study of E-Gas green technology for more efficient and prolonged
-------------------------------------	---

	- operation. - Undertook pre-commissioning activities including chemical cleaning of Exchangers, Steam blowing of steam headers, Pigging, Rotomole, etc. HAZOP, ERCP, PIPA scenario study and mitigation planning & documentation. - Project progress tracking and record keeping.
Achievements	- Safe and flawless commissioning and start-up of slag and carbon recovery system on time. - Spot Award for modifying slag sample collector flushing design change. - Scheduled completion of pre-commissioning, box-up and PSSR activities.
Jindal Steel & Power Ltd, Angul	
	Assistant Manager
	July'12 – Feb'15
Roles & Responsibilities	- Commissioned Lurgi FBDB type coal gasification complex. - Reviewed the basic engineering & design data and proposed & implemented modifications according to on-site conditions and better safety standards. - Commissioned very critical services like 99.9% pure oxygen and HHP superheated steam lines. Managed safety of 50 employees and business partners by conducting fire drills, tool box talks and safety programs. - Coordinated between Operations and Maintenance for scheduling maintenance activities. - Trained 10 diploma engineers about the technology and process hazard & safety.
Achievements	Increased the gas output by 10% by integrating recycle gas compressor with Rx operation. - Incident free and timely commissioning of Raw gas manufacturing and gas cooling plant of capacity 325000 Nm³/hr. - Promoted to assistant manager from Jr. Manager within 2 years of joining.
INTERNSHIPS	
IOCL, Barauni	Summer Intern
	May'11 – Jun '11
	Performed Heat Balancing, analyzed heat losses and proposed modifications for better heat economization.
Century Cement, Baikunth	Summer Intern
	May'10
	- Studied and learnt the principles of size reduction and size separation. - Conducted sieve analysis to obtain particle size distribution curve of the product.
POSITIONS OF RESPONSIBILITY	
NIT Raipur	Co-Founder of RAAGA the official music club of NIT Raipur
	Mar '09
	- Founded the club in order to groom to in-house talent and provide them platform to showcase their talent. - Organized SPIC-MACAY programs in the college.
	Head-Coordinator, Eklectika'12 the cultural cum tech festival of NIT-Raipur
	Feb '12
	- Led team of 15 members to look after sponsorships. - Led team of 7 members of invitation and flex printing & decoration committee. - Core-team member responsible for organizing the mega event with foot count of about 8000 participants from across central India.
	Core-member, Cultural Committee of NIT Raipur
	July '09 – Feb'12
	- Responsible for organizing all the cultural events in the college. - Organized Eklectika'10 and Eklectika'11 the cult cum tech fest of NIT Raipur. - Responsible for managing the foot count of as much as 2000 participants in various events. - Organized National level SYMPOSIUM in the Department of Chemical Engineering.
Interests	- Engineering & Technology - Reading Polity & Non-fiction - Traveling and Trekking
Personal Information	
Date of Birth	13. June. 1990
Place of Birth	Damoh, Balaghat (M.P)
Father's Name	Late. Shri. G. K. Shrivastava
Interests	Reading non-fiction, economics, stock investment, Digital Transformation
Soft Skills	Python Basics (learning – Data Analysis) , MS-Office – Word, Excel, PPT
