PROFILE

Dynamic and inquisitive professional with almost 2 years of hands-on experience in the facility management industry, thus handling various electrical, mechanical and HVAC related planned and breakdown maintenance services. Equipped with the ability to analyse root causes of engineering related issues by utilising skills gained in the previous role, being able to identify opportunities, overcome objections, build long term mutually beneficial relationships with vendors and managing safety related compliance reports. Willing to pursue a challenging career and be a part of a progressive organization that gives a scope to enhance my knowledge and utilize my skills towards the growth of the organisation.

EDUCATION

Bachelor of Technology, Electrical and Electronics Engineering

2016 – 2020 | Sikkim, India

Sikkim Manipal Institute of Technology

CGPA: 9.44/10

Intermediate (Class XII with PCM and Biology, Board: CBSE)

2014 – 2016 | Assam, India

Maharishi Vidya Mandir Public School

Percentage: 92.2

Matriculation (Board: CBSE)

2014 | Assam, India

Christ Jyoti Senior Secondary School

CGPA: 9.6/10

PROFESSIONAL EXPERIENCE

Engineering Executive, JLL India

Sep 2020 – Jan 2022 | Hyderabad, India

Client Account: Amazon Hyderabad Campus

- Worked in operation, inspection, and maintenance of all HVAC, mechanical, electrical and plumbing related equipment and systems such as 120KVA, 450KVA, 500KVA UPS and battery systems, Isolation transformers, 12TR PAC units, AHU, VRF, CSU, VAVs, Split AC units, HVAC ducts, Circuit Breakers, Electrical panels, etc.
- Worked on multiple on-site installation, rectification and design related projects, learned vendor co-ordination, AMC tracking, Planned Preventive Maintenance (PPM) tracking and scheduling, Root cause Analysis and Risk assessment.
- Presented a successfully completed project work titled “Meticulous Problem Solving Technique Regarding Exhaust Issue” in South CIWG, H1 2021, the company’s internal competitive forum called Continuous Improvement Work Group (CIWG).
- Maintenance and tracking of engineering & safety related compliance reports-daily, weekly, monthly, quarterly, MBR and QBR.

Internship Trainee, JLL India

Jan 2020 – May 2020 | Bangalore, India

Mobile Engineering Services Department

- Underwent technical training highlighting the vital activities performed by a Facility Engineer, while handling four assigned client accounts by providing engineering related services including breakdown and planned maintenance activities.
- Worked in a project with dealt with rectification of VAV system in the entire corporate building client site which involved various activities like checking of VAV-Loop communication cable, replacement of faulty VAV controller, replacement of faulty VAV Box, replacement of faulty thermostat, rectification of supervisory controller, programming & configuration of VAV, electrical & Starter-Panel Activities (like starter panel rectification activities, installation of cable, conduit & tray, MCCB, relay & auto/manual selector switch activities, etc.) and Civil work (like dismantling and re-fixing works for gypsum partition/finishing, painting activities, etc.).

Technical Intern, BONGAIGAON THERMAL POWER PROJECT, NTPC LIMITED

Jun 2019 – Jul 2019 | Assam, India

Electrical Maintenance Department

- Closely observed and participated in the functioning and generation of a 750 MW (3X250 MW) coal based thermal power plant that procures its coal from Makum Coal Mines in Margherita, Assam and Eastern Coal Fields Ltd.
- Conducted a theoretical analysis of a detailed study on Turbogenerators (250MW) used in BGTPP. Study includes generator specifications and construction, excitation systems, AVR and generator protection system.

Technical Intern, ASSAM POWER DISTRIBUTION COMPANY LIMITED

Dec 2018 – Dec 2018 | Guwahati, India

Testing and Commissioning department

- Went through a rigorous technical training highlighting the working of the 33/11 KV substation located at the city of Guwahati.
- Examined substation related electrical equipment including power transformers, instrument transformers, bus bars, isolators, relays, circuit breakers, lightning arrestors, reactors, capacitor banks, earthing, CT & PT, fencing distribution panel boards, etc. to be able to participate in mini projects within the department.
- Learnt the testing and commissioning of various energy meters and implemented the process of CT testing.

PUBLICATIONS

Peer-reviewed conference papers:

- **Noimisha Hazarika**, Pratyasha Tamuli, Anirban Sengupta, “Design of Memristor Based Controller for Speed Control of DC Motor.”, 2019 International Conference on Computing, Power and Communication Technologies (GUCON), NCR New Delhi, India, 2019, pp. 380-384. (Publisher: IEEE Xplore)
- **Noimisha Hazarika**, Dipanjan Ghose, Pratyasha Tamuli, Sudeep Pradhan, “Analysis of Efficiency of Solar PV Module with the variation of Temperature and Irradiation Level in SMIT, Sikkim”, International Journal on Advanced Electrical and Computer Engineering (IJAECE), ISSN(Online): 2349-9338, ISSN(Print): 2349-932X, Volume -5, Issue - 2-3, 2018.

Peer-reviewed book chapters

- Parth Raval Pradip, Saurabh Bhowmik, **Noimisha Hazarika**, Chitrangada Roy, Anirban Sengupta, “Maximum Power Point Tracking of Photo Voltaic Systems using Fuzzy-PID based Controller.”, 2020 3rd International Conference in Communication, Devices and Networking (ICCDN 2019), Sikkim, India, 10.1007/978-981-15-4932- 8_44. (Publisher: Springer Singapore).

CONFERENCE PRESENTATIONS

- **International Conference on Computing, Power and Communication Technologies** 2019 | NCR New Delhi, India
GUCON 2019, hosted by Galgotias University, India.
- **Third International Conference on Communication Devices and Networking** 2019 | Sikkim, India
Technically sponsored by IEEE, Springer and hosted by Sikkim Manipal Institute of Technology.
- **Manipal Student Research Colloquium** 2017 | Sikkim, India
Hosted by Sikkim Manipal Institute of Technology.

PROJECTS

- **Implementation and control of DC-DC boost converter** Mar 2019 – Dec 2019
Sikkim Manipal Institute of Technology
 - Designed a DC-DC boost converter and developed a control circuit using Arduino to provide the gating pulses to drive the switch.
 - Fabricated a hardware prototype for use in undergraduate laboratories for demonstration purpose.
 - The project proposal was selected by the college for being funded by the TMA Pai Student Project 2019-20.
- **Design of Buck-boost converter for PV solar system** Aug 2019 – Nov 2019
Sikkim Manipal Institute of Technology
 - Designed and fabricated a buck-boost converter for PV solar system in order to regulate and maintain the output voltage of the system regardless of changing input voltage. The system maximizes the transferring power from the PV system to the load while maintaining a fixed output voltage at PV terminal for instrumentations which are sensitive to voltage variations.
 - Presented a prototype model of the proposed design for mini-project required as part of the undergraduate degree curriculum.
- **Home automation model using NodeMCU and Blynk app** Aug 2019 – Nov 2019
Sikkim Manipal Institute of Technology
 - Developed a home automation prototype using NodeMCU board, relays and other necessary electrical equipment, controllable via Internet by any Android or iOS device using an app called Blynk. By selecting the necessary icons, the loads were controlled remotely.
 - Proposed the possibility of converting the prototype into its large-scale implementation in university classrooms, laboratories and chambers in order to attain sustainability within campus.

COURSES

- **A course on basic PLC and SCADA** Jun 2018 | Kolkata, India
International Institute for Advanced Training on Control and Automation
RS Logix 500 English 7.00, Hardware: MicroLogix 1000, 1761L16BWA 220 V AC/ 24 V DC

HONOURS AND AWARDS

- **Secured the third position in academics for consecutive academic years** 2017 – 2020
Department of Electrical and Electronics Engineering, Sikkim Manipal University

• Held the designation of General Secretary <i>Society of Electrical and Electronics Department (SEED), Sikkim Manipal Institute of Technology</i>	2019 – 2020
• Held the designation of Literary Secretary <i>Society of Electrical and Electronics Department (SEED), Sikkim Manipal Institute of Technology</i>	2018 – 2019
• Held the designation of Class Representative <i>Electrical and Electronics Department, Sikkim Manipal Institute of Technology</i>	2017 – 2020
• Taught Mathematics, English, and Science for students at SEED School <i>School run by Sikkim Manipal University for underprivileged students from the villages of Sikkim</i>	2017 – 2020
• Member of National Service Scheme (NSS) <i>Indian government-sponsored flagship public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India</i>	2018 – 2019
• Organized “Sanjeevani Blood Donation Camp” <i>In collaboration with the National Cadet Corps (NCC) group of Sikkim Manipal Institute of Technology</i>	2019
• Participated in a 15 days Swachh Bharat Summer Internship Program <i>As per University Grants Commission guidelines, Government of India</i>	2018
• Participated in the 56th National School Games Table-Tennis 2010-11 <i>Represented home state - Assam</i>	2011
• Secured first class first position <i>Kallol Chitrangan Vidyalyay, Assam, India</i>	2012

SKILLS

Language skills

- Fluent in English, Hindi, and Assamese (native)

Organisational skills

- Gave multiple in-house trainings on engineering practices in facilities management to an audience of over 50 technicians and supervisors, while working as an Engineering Executive in JLL India.
- Chief Coordinator and Organizer of ‘Ankurit 2019’, Departmental fest for the Department of Electrical and Electronics, SMIT
- Chief organizer (General Secretary, EEE, SMIT) of various technical workshops and seminars.

Computer Skills

- Programming languages: C, C++, MATLAB, PLC and SCADA
- Softwares: Xilinx 9.2i, MATLAB, LabVIEW
- Office Suite: Microsoft Word, PowerPoint, Excel

Soft skills

- Leadership, inter-personal communication, customer service, project management, vendor management, team work and dedication.
