

SHARDHANJALI NAG

MANAGER - DATA ANALYTICS & INSIGHTS

Data Analytics Expertise: Over 8 years of experience in data analytics, engineering, and visualization, leveraging tools like Alteryx, Snowflake, Tableau, Power BI, and SQL to extract actionable insights and drive strategic business decisions.

 shardhanjalinag26@gmail.com  +91 - 9739929397

PROFILE SUMMARY

- ❖ **Innovative Dashboard Development:** Proven track record in creating dynamic dashboards, such as the FBSI Resource and Access Information Dashboard and CSMP Dashboard, to enhance compliance, risk management, and process efficiency.
- ❖ **Automation and Process Optimization:** Designed and implemented advanced automation solutions using Alteryx and Blue Prism, significantly improving workflow efficiency, risk mitigation, and security compliance in various business functions.
- ❖ **Advanced Analytics:** Experienced in developing complex analytical models and algorithms to extract meaningful insights from large datasets.
- ❖ **Strategic Impact:** Demonstrated success in utilizing data to support strategic initiatives, enhance business processes, and drive growth.
- ❖ Proven track record of **collaborating with cross-functional teams** to align data strategies with organizational goals and deliver actionable insights that impact performance.
- ❖ **Advanced Data Management Skills:** Skilled in managing, cleansing, and processing complex datasets using SQL, Excel, and Snowflake, ensuring high-quality data integrity for analytics and reporting.
- ❖ **Cross-Functional Collaboration:** Strong experience in collaborating with cross-functional teams, including compliance, risk management, and business units, to provide insights and support strategic initiatives.
- ❖ **Business Intelligence and Reporting:** Expertise in developing and maintaining business intelligence solutions and analytics reports, such as the Orders Top Deals Report and Display Deep Dive, enhancing data-driven decision-making and sales performance.
- ❖ **Robotic Process Automation (RPA):** Competent in RPA development with Blue Prism, creating automated bots for background verification, data validation, and form submission, reducing manual efforts and errors.

CORE COMPETENCIES

Data Governance Frameworks	Business Intelligence Strategies	Predictive Analytics Models
Data Quality Assurance	Risk Management Protocols	Performance Metrics Development
Data Integration Techniques	User Access Management	Data Lifecycle Management

SOFT SKILLS

Collaborator
Communicator
Planner
Innovater
Intuitive

CERTIFICATIONS

- ❖ Alteryx Designer Core Certification.
- ❖ Alteryx Foundational Micro Credential in 2023.
- ❖ Alteryx Designer Core Micro-Credential: General Knowledge.
- ❖ Alteryx Designer Core Micro-Credential: Data Preparation.
- ❖ Alteryx Designer Core Micro-Credential: Data Manipulation.
- ❖ Alteryx Designer Core Micro-Credential: Data Transformation.
- ❖ Blue Prism Foundation Course in 2023.
- ❖ Master Dashboards and Data Viz in Power BI in 2023.

TECHNICAL SKILLS

- ❖ Advanced Data Visualization Techniques
- ❖ SQL Database Management
- ❖ Alteryx Data Preparation and Automation
- ❖ Tableau Business Intelligence Solutions
- ❖ Power BI Interactive Dashboards
- ❖ Snowflake Data Warehousing
- ❖ Robotic Process Automation (RPA) with Blue Prism
- ❖ Microsoft Excel for Data Analysis
- ❖ UNIX Operating System Proficiency
- ❖ HTML/CSS for Web Data Presentation

WORK EXPERIENCE

Since Feb'20| Senior Data Analyst | Fidelity Investment, Bengaluru

Key Result Areas:

- ❖ **Data Analysis and Interpretation:** Analyzing complex data sets to identify trends, patterns, and insights that can inform business strategies and decision-making.
- ❖ **Data Management and Engineering:** Designing and maintaining robust data pipelines, ensuring data accuracy, consistency, and accessibility.
- ❖ **Business Intelligence and Strategy Support:** Collaborating with business units to understand their data needs and provide actionable insights to support strategic planning and decision-making.
- ❖ **FBSI Resource and Access Information Dashboard:** Created a Tableau dashboard to visualize resource access risks, present associate access details for FBSI resources, and maintain data accuracy and security compliance.
- ❖ **Control Automation:** Developed SQL queries to identify control-related risks, delivering risk insights to multiple business units while streamlining processes and reducing overall risk.
- ❖ **CSMP Dashboard:** Developed a Tableau dashboard for control status monitoring, collaborating with compliance teams to generate actionable insights and improve risk management.
- ❖ **uDeploy User Access:** Automated the Alteryx dashboard to streamline code deployment authorization and implemented enhanced security measures for the deployment process.
- ❖ **RPA Developer (Blue Prism) - CSPI Background Verification:** Collaborated with the client to grasp their background verification process and requirements, and designed an efficient, error-free automation solution using Blue Prism.
- ❖ **Bot Development:** Navigated to the client's website to access and download background verification forms, extracted and populated client-specific data, validated its accuracy, and uploaded the completed form to the client's internal portal.

Dec'18 – Feb'20| Data Practitioner | Brillio Technologies Private Limited, Bengaluru

Key Result Areas:

Quotes & Trend Analysis:

- ❖ Developed SQL, Excel, and VBA dashboards to evaluate recommendations' impact.
- ❖ Analyzed revenue and margins for Client Peripherals and Display products.
- ❖ Managed databases and generated sales reports and statistical analyses.

Display Deep Dive:

- ❖ Built SQL and Power BI dashboards to evaluate display recommendations' impact and attach rates by region and segment.
- ❖ Extracted and analyzed data, creating detailed Power BI dashboards.
- ❖ **Orders Top Deals Report:** Created a Power BI dashboard to highlight top weekly orders by revenue.
- ❖ **I/O Transformation:** Analyzed revenue, units, and margins for I/O devices.
- ❖ Reviewed Zeek/quarter logs to assess revenue from I/O device attachments.
- ❖ **Dell Optane – Mail Merge:**
- ❖ Conducted mail merges to boost EAP program adoption.
- ❖ Processed data from Teradata, identified target accounts, and extracted opportunity data.

Nov'15 – Nov'18| Data Quality Analyst | Tech Mahindra Ltd., Bengaluru

Key Result Areas:

Project 1: BT BPS Service Desk Migration

- ❖ Validated business standards for migration to BT's NSD platform (custom BMC Remedy).
- ❖ Performed data interpretation, cleansing, and de-duplication of SLAs.
- ❖ Analyzed address validation for the UK and other countries.

Project 2: ACRA BI (WILEY System) Data Analysis

- ❖ Addressed data integrity issues for ACRA BI (WILEY system).
- ❖ Created advanced charts, visualizations, and complex calculations.

Project 3: Unified Data Management Framework (UDMF)

- ❖ Developed UDMF platform to resolve migration and data quality issues.
- ❖ Delivered five POCs for clients.
- ❖ Customized UI using ORACLE APEX 5.1.
- ❖ Processed and cleansed data using Excel and SQL.

EDUCATION

- ❖ Bachelor of Engineering: Electronics & Telecommunication from St. Vincent Pallotti College of Engineering and Technology with 72.25% in 2015.

PERSONAL DETAILS

Address: Bengaluru, Karnataka
