Coursework

- Completed REACT & REDUX COURSE ([certificate](#))
- IBM Skill Build FRONT END Development course ([certificate](#))

Skills and Abilities

PROGRAMMING

C/C++ Java Python Javascript

FRONT END

HTML CSS ReactJs

BACK END AND DATA TOOLS

Node js Firebase MongoDB SQL Excel

OTHER SKILLS

Data Structures | Algorithms | Data Analytics | Data studio
Problem solving | Github | Redux Toolkit | Bootstrap

Projects

Excel clone

📅 20 june 2023 – 16 july 2023

- Developed a web-based application **using HTML, CSS and JavaScript**.
- Implemented a formula bar that allows users to perform various calculations and operations on the data entered in the cells.
- Added formatting options such as bold, size, color and alignment to customize the appearance and layout of the spreadsheet.

Zira Ticket App

📅 10 feb 2023 – 5 march 2023

- Designed and developed a web-based application that allows developers to raise tickets for issues and bugs using **HTML, CSS and JavaScript**.
- Implemented a **color-coded system** that assigns different priority levels to the **tickets** based on their severity and urgency.
- Enabled users to easily **mark the tickets as resolved and remove** them from the dashboard.

Practice Projects

- [Google clone](#)
- [To-Do App](#)
- [Camera App](#)
- [Netflix clone](#)

Achievements

- Solved **200+** problems on [Leetcode & Gfg](#).
- **19th** rank on GFG in my college.
- Participate in **SIH** hackathon
-

Hobbies and Interests

• Badminton Cricket Stock Market
