

SAHEB KUMAR

Punjab 141401

(+91) 7250040360◇ sahebraj2002@email.com

EDUCATION

Gulzar Group of institute

2021 - Present

B.Tech CSE-Data Science

GPA: Not Decided

Results-driven B.Tech Computer Science graduate with a strong foundation in data science, seeking a challenging role where I can apply my data analysis and machine learning skills to solve real-world problems. Eager to contribute to a dynamic team and drive data-driven decisions through innovative solutions.

EXPERIENCE

1. Machine Learning and Data Analysis ,INTERNSHALA TRAININGS

20/12/2022

End-21/01/2023

:I Have Successfully Completed a 4-week online training on internship job preparation. The training consisted of getting started with the job Hunt, Building up Our Gear, Going to the front, and the final project modules. I scored 93 percent marks in the final assessment and was a top performer in the training

2. Data Science:-InterElite

01/09/2023 present

:I've Successfully Got a Training Letter From InternsElite after completing I will update Our Experience

PROJECTS

1. Customer Churn Prediction (Machine Learning)

04/02/2023- 02/05/2023

:Developed a machine learning model using Python to predict customer churn for a telecom company.
:- Achieved an accuracy of 85 percent by utilizing logistic regression and random forest algorithms.
:- Presented actionable insights to the management team, leading to a 10 percent reduction in churn rate.

2. Stock Price Prediction (Time Series Analysis)

08/09/2023- 05/10/2022

:Conducted time series analysis on historical stock price data using Python.
:- Implemented ARIMA and LSTM models to forecast stock prices with a mean absolute error (MAE) of less than 5 percent.
:- Created interactive visualizations using Matplotlib for better insights.

3. E-commerce Website (Web Development)

10/05/2022- 14/07/2022

:Collaborated in a team to design and develop an e-commerce website using HTML, CSS, and JavaScript.
:- Implemented user authentication, product catalog, and shopping cart functionality.
:- Successfully launched the website, resulting in a 20 percent increase in online sales for a local business.

TECHNICAL SKILLS

Programming Languages and Frameworks ,Python,Java, C++,R

Data Analysis Tools: Pandas, NumPy, Matplotlib, Seaborn

Machine Learning Libraries: Scikit-Learn, TensorFlow, Keras.

Database Management: SQL, MongoDB
Big Data Technologies: Hadoop, Spark
Web Development: HTML, CSS, JavaScript
Version Control: Git
IDEs: Jupyter Notebook, PyCharm, VSCode
Operating Systems: Windows, Linux

SOFT SKILL

Strong problem-solving skill
Excellent communication and teamwork
Analytical mindset
Attention to detail
Time management and organization

CERTIFICATIONS

Python for Data Science (Coursera)
Data Science and Machine Learning A-Z™: Hands-On Python , R In Data Science (Udemy)
AWS Certified Data Analytics - Specialty
Python 4* On Hacker Rank
