ABOUT ME

A highly motivated and results-driven Digital Marketing Intern with 3 months of hands-on experience in a fast-paced, collaborative environment. Demonstrated strong skills in SEO, content creation, website auditing, and client engagement. Adept at working with cross-functional teams, managing multiple projects, and contributing to the growth and visibility of brands through strategic digital marketing efforts. Skilled in creating and executing SEO strategies, building backlinks, writing engaging content, and optimizing websites for search engines. Eager to leverage digital marketing expertise to support business growth and brand success in a full-time position.

CERTIFICATION

- Digital Marketing Course | [Ducat]
- Focused on SEO, Content Marketing, Social Media Marketing, Google Analytics, Paid Advertising, and Social Media.

EXPERIENCE

Digital Marketing Intern

[Virtuxient Technologies Pvt Ltd] | [8Oct 2024 - 8Jan2025]

- Conducted thorough website audits and implemented strategies to improve on-page SEO, enhancing user experience and search engine rankings.
- Successfully built 100+ backlinks per day for multiple projects, contributing to significant increases in domain authority and search engine visibility.
- Optimized content for SEO by identifying relevant keywords, writing engaging blog posts, and ensuring all content was SEO-friendly.
- Wrote and published daily blog posts on the company website, increasing website traffic and engagement through high-quality, keyword-rich content.
- Actively managed two major projects: one related to yoga and the other for an e-commerce website, utilizing SEO and content strategies tailored to each niche.
- Gained hands-on experience in client engagement, communicating with clients, understanding their goals, and providing updates on project progress.
- Managed social media accounts for the company, scheduling and posting content, engaging with followers, and analyzing performance metrics.
- Collaborated with a dynamic team, discussing challenges and brainstorming solutions, ensuring continuous learning and development of new strategies.
- Conducted keyword research and analysis to identify high-performing keywords and improve content rankings for both projects.
